Animals Around the World

Creative Development

Art- We will continue looking at primary colours and how they mix together. We will also be experimenting with hot and cold colours, related to our topic.

Communication, Language and Literacy

We will be doing work around 'Meerkat Mail' writing postcards, non-fiction writing and a story this term. We will be concentrating on being able to write using the different sentence types.

We will be having phonics sessions every day, learning how to say, spell and use different sounds.

Problem Solving, Reasoning and Numeracy

Year 2 will begin by recapping addition and subtraction. We will be looking specifically at methods that can support them while doing those calculations. We will move onto statistics towards the end of term.

Maths homework is given twice fortnightly and time tables is given out weekly. Homework is due in on a Friday. Please make sure the times table folder is in school!

Knowledge and Understanding of the World

Science- Year 2 will continue looking at different animals and their habitats. We will be discussing what things need to have to be alive.

ICT- We will be creating our own 'Scratch' project using different animals!

RE- Year 2 will continue learning about what it means to be a Christian and about how and why we pray.

Physical development

The children will be learning about the different components of fitness. They will be challenging themselves to beat their personal best by improving their stamina.

Personal and social development

This term, we will be focusing on goal setting and how it is important to make goals realistic so they are achievable.
