

Creative development

In Art we will be looking at the landscapes of Turner and Ravilious, and creating our own textured landscapes inspired by incredible environments around the world.

Communication language and literacy

In English we will be reading and writing about the amazing expedition of Ernest Shackleton. We will be thinking about what makes a great sentence, and how we can use different kinds of punctuation.

Problem solving, reasoning and numeracy.

We will be practising important maths skills including written and mental methods. We will be using our understanding of number in a variety of contexts.

Knowledge and understanding of the world

Computing: the children will be learning how to use software to control devices and give more complex instructions.

Science: In science, we will be learning about chemistry and chemical reactions by using our fantastic Empiribox resources.

Geography: We will be exploring different environments around the world and making comparisons.

Term 1

Physical development

P.E will mostly be on Wednesday and Friday afternoons, but please make sure your child has their PE kit in school every day of the week, as the timetable may change. This term we will be using our teamwork skills through a variety of activities.

Personal and social development

We will be thinking about 'new beginnings', and exploring our goals for the year, and how we can be successful and independent members of Year 6.
