

Creative Development

Art- We will be looking at primary colours and how they mix together. We will also be experimenting with hot and cold colours, related to our topic.

Communication, Language and Literacy

We will be studying 'Lost and Found' by Oliver Jeffers and we will use it to inspire our own writing. We will be writing our own 5 sentence stories and then developing

We will be having phonics sessions every day, learning how to say, spell and use different sounds.

Problem Solving, Reasoning and Numeracy

Year 2 will be beginning to look at shape and space and move onto multiplication and division and the relationship between them. Towards the end of the term we will look at measures as well as fractions.

Maths homework is given twice fortnightly and time tables is given out weekly. Homework is due in on a Friday. Please make sure the times table folder is in school!

Knowledge and Understanding of the World

Science- Year 2 will be looking at different animals and their habitats. We will be discussing what things need to be alive.

ICT- We will be creating our own presentations about different countries from around the world. The presentations will have different sections about the climate, animals and interesting facts!

RE- Year 2 will be learning about what it means to be Christian and about how and why we pray.

Animals Around the World

Physical development

The children will be learning about different ways to move and control the body and then looking at different ways of expressing and exploring movement.

Personal and social development

This term, we will be focusing on goal setting and how it is important to make them realistic so they are achievable.
