

### Creative development

In Art and Design we will be looking at Viking long-boats and creating them using a variety of materials.

In Music with Miss Murphy, the children will be performing some musical compositions inspired by the Vikings.

### Communication language and literacy

In English we will be learning some Viking Myths, and looking at the kind of words and language that are used in myths. We will be re-writing myths and writing our own myths. We will also be practising reading skills and thinking carefully about books that we are reading together.

**Year 6**

### Problem solving, reasoning and numeracy.

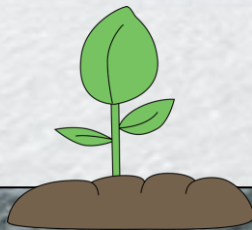

This term we will be focussing on applying our maths skills to a variety of problems. Please ensure that you continue to practise times tables at home, they are such an important skill that is integral to all areas of maths.

### Knowledge and understanding of the world

**Computing:** the children will be working with databases. They will be using data sets to create simple reports, and then create their own sets of data using computer software.

**R.E:** We will be learning about the work that Christian's do around the world, and we will be reflecting on why we pray.

**Science:** we will be continuing our fantastic Empiribox learning, this term, investigating plants and how they grow.

## Viking Invaders

Term 3

### Physical development

P.E will mostly be on Wednesday mornings and Friday afternoons, but please make sure your child has their PE kit in school every day of the week, as the timetable may change. This term we will be doing a mixture of inside and outside PE.

### Personal and social development

In PSHEe we will be looking at the changes we face as we move through life, as this is the children's last year at Primary School and there are many changes to come. We will be thinking about how we can cope in new and unfamiliar situations and make the best choices when faced with difficult decisions.
