

Creative development

In Art and Design we will be thinking about the beach, creating collages and using clay to create textures and designs from things we have collected at the beach.

Communication language and literacy

In English we will be learning about non-fiction writing, and how we can make factual writing exciting and interesting. We will be thinking about the difference between fact and opinion, and the different language styles we use when writing factually. Children will be working on their individual writing targets.

Problem solving, reasoning and numeracy.

This term we will be practising key number skills, and thinking about how we pick apart longer multi-step problems. We will be working on our shapes skills - drawing accurately with rulers, measuring angles and interpreting co-ordinates.

Knowledge and understanding of the world

Computing: the children will be working with databases. We will be using the brand new Hub too!

R.E: We will be learning about the importance of Easter for Christians, and the messages we can learn from the Easter Story.

Science: we will be continuing our fantastic Empiribox learning, this term, investigating plants and how they grow.

Smugglers!

Term 4

KEEP OUT!

Physical development

P.E will mostly be on Wednesday mornings and Friday afternoons, but please make sure your child has their PE kit in school every day of the week, as the timetable may change. This term we will be doing a mixture of inside and outside PE.

Personal and social development

In PSHEe we will be looking at substances including drugs and alcohol and how we can stay safe, as well as the law surrounding these. Look out for a letter about SRE this term too.

REDUCE the RISK
