Pastoral Care

During our 'Pastoral Care' groups this week, we discussed recycling and how we can play our part in looking after the planet. Mrs Foster's Jade group had a fantastic session and worked really hard. We enjoyed meeting our new reception Jade house team members too!

Year 5 Science

We are learning about forces in science this term. This week we have been looking at gravity and air resistance. We are trying to work out what makes a good parachute. We started to make our parachutes today and will finish and test them soon! Watch this space!

Reception Painting and Parachutes

The paints are out! We loved using paint to make beautiful underwater and fish pictures following learning the brilliant counting song 1, 2, 3, 4, 5 once I caught a fish alive! Ask your child to sing you our counting song - with the actions of course!

Reception visited our school field for the first time this week! They loved having a tour of the field, exploring and playing with our magnificent parachute! We even saw two airplanes fly over (and waved of course!).
