Have your say on the East Sussex Local Transport Plan

Consultation 27 November 2023 - 25 February 2024

We want you to have your say on the future of transport in the County.

The draft East Sussex Local Transport Plan 2024 - 2050, sets out how we will plan and provide transport for people taking every day journeys in East Sussex, which include getting to school, work or for leisure, now and in the future.

The plan recognises factors that are important for journeys to school such as enabling safer and more accessible journeys, the benefits to health and wellbeing from more active travel, even if this is part for part of your journey or being undertaken on certain days of the week.

Many of you will often be combining the school run with other journeys, so undertaking multiple trips, to get to work or for other purposes, so the plan recognises the importance of having a connected transport network.

To take part please select this link and complete the consultation questionnaire
