

English

In English this term we will be exploring texts about Space. We will be writing letters home imagining we are on the moon and we will be telling a short story of a journey up to space. This term we will be focusing on developing and extending our sentences and ideas using conjunctions and compound sentences.

Phonics

As we move towards our phonics screen we will be recapping all of the sounds we have learnt so far, with a particular focus

Science

This term our focus is Seasonal changes. We will look at how the weather, landscape and animal activity changes in Spring and Summer as well as comparing this to other times of the year. We will explore different types of trees and what animals do at this time in the year.

Creative Arts

Art- We will be working with fabric, printing weaving and creating a pattern. We will explore the different uses for materials to create a product.

Music- We will be learning about Tempo and how we can use our voices to create different sounds, songs and chants.

Forest School

We will be focusing on identifying plants and animals this term. We will also be learning how to tie knots using rope.

Religious Education

We will return to learning about Judaism and the significance of the Torah for Jewish people.

PSHE

This term we will be learning about relationships. We will be exploring all types of different relationships and how we can make sure they are healthy and positive.

Mathematics

This term we will begin to look at multiplication and division. We will count in 2s, 5s and 10s as well as practicing dividing a whole into different parts. This will lead us into learning about fractions and how we can write these.

We will be continuing with our Maths Fluency, becoming familiar and confident in our numbers and simple calculations.

Skies Above My Eyes

Year 1

Term 5

Physical Education

Ball Games

We will be developing our bat and ball skills, practicing control, teamwork and collaboration.

Gymnastics

We will be practicing balances and ways in which we can rock and roll our bodies using a variety of techniques.

Humanities

This term will be a Geography focus— we will be comparing our local area of Eastbourne to Malawi in Africa. We will use maps to identify the location and features of the country. We will explore how the geographical features of these countries impact the people living there.

Computing

This term we will be practicing our Paint skills on a computer, using different brushes, shapes, effects and tools to create designs and pieces of art.

Spanish

We will be recapping greetings and colours as well as using simple phrases to describe ourselves.
